SAUGERTIES, Nov. 7.—Tilden 181 majority; Democratic gain, 350.

BROOKLYN, Nov. 7.—Brooklyn gives Tilden a gain over last year of 15,000 and indicates a majority there of 12,000 to 15,000, which majority gives Tilden the State.

TROY, Nov. 7.—Tilden has 1,267 majority; Democratic gain, 1,002.

ALBANY, Nov. 7.—The Democratic State ticket is elected by a handsome majority.

BUFFALO, Nov. 7.—The city, complete, shows a total vote of 25,650 for the national ticket. Hayes' majority, 262; Democratic gain over last year, 3,422; Democratic gain over 1872, 3,417.

NEW YORK, Nov. 8.—The Republicans elect 20 Congressmen in the State, and the Democrats 13.

Robinson is elected Governor, running well up with Tilden. The vote for Governor in Kings county is Robinson, 51,755; Morgan, 33,100.

New Jersey.

HARTFORD, Nov. 7.—New Jersey is still in doubt, with the chances strongly that it will go Democratic. The Democrats have made several gains in the assembly.

TRENTON, Nov. 8.—This State has gone Democratic by probably 15,000 majority. The Republicans elect three out of seven Congressmen, a gain of one. The State Senate is yet in doubt, but is probably Republican. The House of the Assembly is Democratic by seven or eight majority. Congressmen elected: 1st district, Clement T. Zeenickson, Rep.; 2d, S. R. Ward Hugh, Rep.; 3d, Miles Ross, Dem.; 4th, Alva Hickley, Dem.; 5th, Augustus W. Cutter, Dem.; 6th, Thos. B. Peddie, Rep.; 7th, Aug. A. Hardenburg, Dem. Republicans 3, Democrats 4; Republicans gain one Congressman.

TRENTON, Nov. 8.—The legislature remains yet in doubt, but both parties claim it. In any case the majority on either side will be small, probably not more than two or three.

Florida.

LAKE CITY, Nov. 8.—Returns come in slowly. Southern and southwestern counties show large Democratic gains. The Republicans have small gains in eastern counties. Democrats claim the State.

AUGUSTA, Ga., Nov. 8—2:30 A. M.—A dispatch from Lake City, Florida, says returns from 16 counties in the Florida Republican stronghold shows a net Democratic gain over vote of 1872 of 544. Columbia and Monroe counties, formerly Republican, elect Democratic tickets. Finly, Democrat for Congress, is probably re-elected. Democrats claim the State by a small majority.

NEW YORK, Nov. 8—7 P. M.—Latest dispatches from Florida seem to indicate that the Democrats have carried the State by 2,000. Republicans claim 500 to 1,000 majority.

Specials to the New York *Tribune* and *Times* from Florida say the State is Republican, and they claim Hayes' election by 1 vote.

The Republican State Central Committee concedes Tilden's election.

Mississippi.

JACKSON, Nov. 7.—Returns from various points indicate that the State has gone Democratic by a largely increased majority over last election. Five Congressmen are certainly elected by the Democrats, with a strong probability that they elect six. The Democratic majority in the State will probably reach 50,000.

Louisiana.

NEW ORLEANS, Nov. 7.—Returns are not sufficient for a reliable estimate. The Democrats claim the State by 20,000 majority, and have dispatches from several voting precincts of the interior showing heavy gains over the election of 1874. The Democrats claim the city by 12,000 majority. The Republican Central Committee estimate their majority outside the city at from eighteen to twenty thousand, and concede this city to the Democrats by 10,000 majority. Best informed moderate Republicans by not more than 4,000.

Maryland.

BALTIMORE, Nov. 7.—The Democrats elect the entire Congressional ticket, and carry the State by a majority claimed to be 18,000.

BALTIMORE, Nov. 7.—Official returns from all wards in this city, give a Democratic majority of 10,000, and 99 in 3d Congressional district. Kimmell's (Dem.) majority, 5,827. In 4th district, Swan's (Dem.) majority over 2,500. Returns from every portion of the State show Democratic gains.

BALTIMORE, Nov. 8.—Sufficient returns have been received from the several counties throughout the State to show that the Democrats have elected their entire Congressional delegation and carried the State on the Presidential vote by a large majority. At Democratic headquarters the majority is estimated at 18,000.

Missouri.

ST. LOUIS, Nov. 7.—Forty-eight precincts in the State outside of St. Louis county give Tilden 4,678; Hayes, 477.

ST. LOUIS, Nov. 8.—Returns being counted so slowly, scarcely an approximate result of the election in this city can be given at this writing—1 A. M. About half the precincts in the city give Thomas (Rep.) for sheriff, 11,073; Brown (Dem.) 10,098. Thomas ran ahead of his ticket; his vote, therefore, does not indicate victory.

Iowa.

CHICAGO, Nov. 8.—In Des Moines 23 precincts and wards give Hayes 3,437, a Republican gain of 1,937. The indications are that Hayes gets 60,000 majority in the State and the Republicans elect seven Congressmen, with first and third districts to hear from. Every district shows Republican gains.

Indiana.

INDIANAPOLIS, Nov. 7.—Returns from 100 townships in 51 counties give a net Democratic gain of 2457.

Forty-two towns and precincts for which there is no basis for comparison give Hayes 10,523; Tilden, 6,908. Nineteen additional towns and precincts give majorities, for Hayes 2,604, for Tilden 1,412. Returns from Milwaukee county, nearly complete, give Tilden 1,807 majority. 208 towns and wards, including the above, gives Tilden 886 majority. Net Democratic gain, 1,299. The State is very close and the result doubtful.

CHICAGO, Nov. 8.—Brentano, Dem., undoubtedly defeated in the third district by Lemoine. Partial returns from 53 towns in 16 counties in Illinois give Republican gains of 2,119 and Democratic gains of 149, showing a net Republican gain of 1,970 over the vote of 1875 for governor.

Returns from the entire city give the Republicans 15,419, a Republican loss of 1,857. Wright, Democratic candidate for sheriff of Philadelphia county, has a majority over Rowans of 6,200.

The Philadelphia *Times* estimates the Republican majority in the State at 10,500, while Forney's *Press* claims a majority of 15,000, and gain 4 Congressmen.

LaPlatte township, Sarpy county gives Tilden 80; Hayes, 39; Cooper, 1. Congressional ticket—Democratic, 80; Republican, 39; Independent, 1. Democratic State ticket, 80; Republican, 40.

South Carolina.

CHARLESTON, S. C., Nov. 7.—The Democrats have certainly elected Evans in the 4th, and Aiken in the 3d district to Congress. The State is probably carried for Hampton and for Tilden by a small majority, but both sides still claim it. Charleston city gives Hampton a majority, and the result of the State depends upon the vote of Charleston county, which can't be ascertained until to-morrow.

CHARLESTON, Nov. 7.—Unofficial but trustworthy returns from about one-half of the State show a Democratic gain of 12,000, compared with 1874, when Chamberlain had 10,000 for governor. Republicans claim that Charleston county will give heavy Republican gains to offset gains. The State hangs upon the coast counties not accessible by wire.

Connecticut.

HARTFORD, Nov. 7.—General Hawley, Rep., is defeated for Congress in the 1st district by about 150.

North Carolina.

WILMINGTON, Nov. 7.—The latest returns continue to show a Democratic gain. The State is certainly Democratic by a large majority.

RALEIGH, Nov. 8.—Heavy Democratic gains are reported from all quarters from which returns have been received. There is no longer any doubt that the Democrats have carried the State. The Republicans concede it. The Democrats probably elect seven out of eight Congressmen.

WASHINGTON, Nov. 8.—Latest advices from North Carolina represent that the districts yet to hear from may possibly overcome the Democratic majority.

Wisconsin.

MILWAUKEE, Nov. 7.—Returns from 50 towns in this county give Hayes, 1,300; Republican gain, 947. Georgia gives Tilden 5,000 to 6,000 majority. It is estimated South Carolina has gone Republican by probably 20,000. Twelve of the 13 wards of Milwaukee and one town give Tilden 1,206 majority. The Democratic majority in the county will not exceed 2,500. One hundred and fifty-four towns and wards, not including the above, give Hayes 1,050 majority; Democratic gain, 910.

Late returns from Wisconsin make the State very close, with chances in favor of the Democrats.

THE VERY LATEST.

The following dispatches we received this morning, just before going to press:

LAKE CITY, Fla., Nov. 8.—The opinion of moderate men is that Florida will elect the entire Democratic State ticket by over 20,000 majority. Democratic gains are large in all counties, with three or four exceptions.

CHICAGO, Nov. 8.—The latest returns from Wisconsin is that 202 towns and wards give Hayes 1,601 majority, a net Democratic gain of 776. The Republicans claim the State by a small majority, but further returns will be necessary to determine the result.

NEW YORK, Nov. 8.—Specials to the *Times* state that South Carolina has gone Republican by 10,000, and Florida by an increased majority over 1872.

The *Tribune* has a dispatch from Governor Chamberlain, of South Carolina, claiming the State for the Republicans by 15,000 majority.

NEW YORK, Nov. 8.—The *Tribune's* Florida special gives the State to the Republicans. Both papers claim the election of Hayes by one majority. Intense excitement exists in all circles, and the streets in the vicinity of news centers are almost impassible.

MONTGOMERY, Ala., Nov. 8.—Further returns from the 4th district shows the contest close between Haralson, colored, and General Shelley, Democrat. Shelley has made great gains.

COLUMBUS, Nov. 8.—High street, in front of the Republican headquarters, is closely packed with thousands of people, all wild with excitement. In the midst of the general excitement all efforts to obtain complete returns of the Ohio election by counties have signally failed. Thus far returns have only been received from 19 counties. It is, however, conceded by the State committees that the Republican majority will be from 8,000 to 10,000.

Still Brighter Prospect.

NEW YORK, Nov. 8.—There is growing confidence in Hayes' election. Crowds are already cheering for President Hayes.

Hayes' majority in the State so far 5,000.

Republican Committee now claim Connecticut by 600 majority.

Democrats Almost Give it Up.

CHICAGO, Nov. 8.—Democrats admit the result depends on Florida.

Returns from Cook county complete, except a few Republican districts, give Hayes 36,630, Tilden 38,618, Cooper 257; Cullom 36,297, Steward 36,027. It is claimed that the county is Republican by a small majority. City vote is: Hayes 23,817, Tilden 33,247, Cooper 229.

Congressman Gained in West Virginia.

CHICAGO, Nov. 8.—A Washington special says advices from Western Virginia state that the Republicans gain one Congressman.

Florida.

CHICAGO, Nov. 8—10 P. M.—A Pittsburgh special says Florida is still claimed by both parties. The Republican State committee at Tallahassee claim that their national and State ticket is elected by 1,500 or 2,000 majority, besides one Congressman certainly and another probably.

At Lake City the Democrats claim the State by 2,000. Returns show Democratic gains.

G[illegible] Excitement—Republicans Jubilant.

COLUMBUS, O., Nov. 8.—The Republicans are very much excited over the latest returns and are confident Hayes is elected. They are marching in procession singing campaign songs.

COLUMBUS, Nov. 8.—After hearing the news at Republican headquarters, a crowd numbering several thousand, formed in procession and marched to Gov. Hayes' residence. In response to repeated calls, Gov. Hayes appeared in the doorway, and after deafening cheers, spoke as follows:

"My friends, I assure you I am obliged for this hearty demonstration; but if you will keep quiet about a moment I will say something to you which I think it is my duty under the circumstances, to say: While our present advices look favorable, we must remember that several of the States which have been considered doubtful, have a large territory remote from railroad or telegraphic communication, and it will naturally take some time to receive definite returns from there. I therefore take this call as an earnest of your loyalty to the Republican party and your desire for its success. If late advices should change the result from what it is announced at present I assure you I shall frequently recall this visit during the time I shall live among you with pleasure. I bid you good night. After further cheering the crowd dispersed.

THE BIG GUNS OF ENGLAND.—Says the London *Telegraph* of a late date: Yesterday morning the heavy gun committee visited Shoeburyness for the purpose of witnessing the powers of penetration of the thirty-eight-ton gun. A target, specially constructed by Messrs. John Brown & Co., of Sheffield, was put up by the royal engineers on the Marsh, and the gun was with great difficulty and labor carted from its landing place to within seventy yards of the target. This consists of three rolled iron plates, ten feet by eight feet, of six and a half inches thickness, between which were placed two layers of teak of five inches each in thickness, which were supported by piles of fourteen by fifteen inches, bolted together with three-inch bolts. Some five feet in rear was an old ten-inch target riddled with shot. Capt. Fairfax Ellis, as usual, had charge of the experimental party, and operations commenced shortly before 11 by a trial shot against a 10-inch target, with a second in the rear of four inches in thickness, with a backing of fourteen inches of teak. The charge consisted of 130 pounds of powder, and the weight of the shot was 800 pounds. It went clean through the old target, and then broke up, after striking the 4-inch one, between which there was a fairway of six feet, thus tending to uphold the theory that there should be an open space always between the outer and inner skin of a vessel. Immediately after the discharge the wound was examined by the officers present, few of whom anticipated the effect would have been so tremendous. It was ascertained that the Palliser chilled shell had cut completely through the target, and had broken up within a couple of yards of the further side, and not within the target itself. The gas check, which was one of Lieutenant Gould Adam's, lodged in the hole, and the friction was so great that it set fire to teak backing. Portions of the base of the shell also remained, but the greater part of it was found within twenty yards of its striking object. The target itself, although well shored up, was driven back seven inches, and the huge piles in the rear were cut through. A 10 inch target which was behind was scored all over with fragments of the shell, and pieces of the target itself were hurled fully 200 yards away from its base. The striking velocity was estimated at 1,420 feet. The wound made by the shell was exactly 12½ inches by 13 inches, and the depth to which the gas check sank in it was 22 inches. After this trial some experiments with a new 7-pounder field gun for use in Kaffraria were conducted by Capt. O'Callaghan. The rain, however, descended so heavily that great difficulty was experienced in ascertaining the results.

But his influence in a general be only the least part of his to save the country from this vast and from the injurious effect threat of imposing it of the country. He in Congress to understand that his campaign letter on the subject has a meaning after the campaign is over, and that any measure they may force through Congress during his term will be promptly vetoed by him. That is an argument they will not readily answer, and it will settle the question for his party and for the country.

THE STATE.

From the returns thus far received it appears probable the Republican majority in this State will exceed 1,000, and it may reach 1,200. It is evident that no one understood the state of popular sentiment in this State before the election, as the majority was never placed beyond five or six hundred in the careful estimates of the politician; and, in fact, those most active in promoting the success of the party would have been well pleased to be assured they were not destined to defeat. The result is gratifying in the extreme, not only to the candidates who could but feel at times during the canvass that they were leading a forlorn hope, and to the people, who have in this election an assurance that they can, when they will, force the party managers to put up good men for office, and thus avoid the necessity of severing their party relations in order to keep a clean conscience.

Before the election we called attention to certain rumors which were abroad, that the police of the city was to be used as a working force for the Democracy around the polls. We expressed at the time doubts as to the correctness of the reports, and mentioned them only from a sense of duty of warning the people, at once, of the possible danger that such abuse of official position would be practised. We are glad to be able to say now that we were convinced by actual observations on election day that the fears of those who feared such a use of the police force were groundless. Having visited several times, during the hours of voting, all the precincts, and observed the conduct of the police with a particular view of satisfying ourselves as to the facts, we should probably have seen something of their operations if they had been very active. The police did police duty—of which we are happy to say there was very little to be done—and refrained from all unwarrantable interference with the election or with the freedom of voters.

A Turkish officer, in an interview with an English gentleman, reported by a *Times'* correspondent, gives expression to the Turkish view of England's course, in regard to the Bulgarian atrocities: "You English people are beyond all understanding. You have been our friends now for twenty years. Turkey has always been the same that it is today. We have been doing this year just as we have done any time in the last twenty, and yet, apparently because there have been a few more shepherds and old women killed than in ordinary seasons, you turn suddenly against us."

A cable dispatch says, on the authority of the Leeds *Mercury*, that experiments are making with a process for increasing the durability of iron rails, which promises the greatest success. An eminent railroad official has asserted confidentially that, by this process, iron rails can be produced more durable than steel, at an increase in cost of only $5 per ton over ordinary iron rails.

Telegrams were received yesterday evening by ex-Senator Corbett, from prominent Republicans in the East, anxiously inquiring about the result of the election in Oregon, and saying our State was looked to to decide the contest in the United States. Mr. Corbett had the gratification of sending Oregon's decision in favor of Hayes and Reform.

From the table of electoral votes, as the case now stands, Hayes, receiving the votes of Florida and Louisiana, has barely one majority in the Electoral College. That is rather too close a call to be enjoyable to the successful candidate and a very tantalizing defeat to the loser. Still "a miss is as good as a mile" to each of them.

The *Standard* generally remarks that it does not intend to crow over the Republicans on account of the result of the Presidential election. We are sure its generosity, under all the circumstances, will be appreciated by Republicans.

Many thanks to those who have responded to the OREGONIAN's request for early returns of the election. By their assistance we have been enabled thus far to get the returns of the State in much more promptly than usual.

HOW THE WAR MIGHT HAVE BEEN AVERTED.

A gentleman, recently returned to Washington from a trip through the New England States, relates to the *Chronicle* the following:

"Stopping over night at a hotel in a New Hampshire town he found the usual political discussion being waged warmly between a Democrat and a Republican in the reading room, the former a Wall-street broker from New York, and the latter an Englishman, who had served through the war. Words ran high, and the debate became lively. Every issue was discussed, from Calhoun's first speech to Tilden's income tax, and among others the hanging of John Brown at Harper's Ferry. As they warmed up things became very personal, the broker declaring that the Englishman had no right to meddle anyhow, and he had better go back to his Queen, the latter retorting that if he had gained a right by raising his arm in defense of the country, and would sooner be born in England and come here to be a true citizen than born here and be a traitor. Here the Democrat ventilated himself of the opinion that every Republican ought to have been treated just as John Brown was, and then rushed off to his room, his antagonist following a few minutes later. A goodly number of the town lawyers had been attentive listeners, and a few minutes after the gladiators had departed, an old fellow, evidently the spokesman of the party, raised his voice: 'Now, them fellows is intirely to one sided. I'm a Demycrat, but I takes a modrit view of the question. This is my 'pinion, and I've said it more'n a thousand times: It was right and proper that John Brown should 'a been hung; but there's Harper's Ferry just as guilty; he should 'a been hung, too, and then we wouldn't 'a had no war.'"

EFFECTS OF THE ARCTIC DISASTER.

The New Bedford (Mass.) *Mercury* of Oct 22d says: "The disaster to the Arctic whaling fleet, though very great, does not nearly approach in magnitude that of 1871 when nineteen vessels belonging to this port were abandoned, with eleven from other ports. The valuation of the New Bedford vessels lost at that time was reported at $1,690,000. The probability is now that, as a rule the vessels are better insured than they were at that time. As to the effects of this disaster, the opinions of the best judges are somewhat divided. It is clear enough, however, that the prices of whalebone must advance. The stock now in the country is about 50,000 pounds, and as the price has of late been slowly advancing, it cannot fail to go still higher. It is not expected that the prices of oil will be so much affected. Sperm oil can hardly feel it, and while a small advance may be looked for in whale oil, there are so many substitutes for it which can be used on a pinch that the rise cannot be very great. The stock now on hand amounts to about ten thousand barrels. The prices of menhaden and other fish oils may also be slightly affected. It must be remembered, however, that in the natural course of trade the oil taken by these lost vessels would not reach the market for some months yet. Another result will probably be a material rise in the value of whale ships. These vessels can hardly be replaced by purchase, and new ones cannot be built for the amounts at which they are valued. Some of the captains of these whalers evidently anticipated the possibility of having to spend the winter in the ice, from the fact that they asked for extra fares of bread and molasses, and an extra quantity of coal. This was given them by their agents, and the owners of some of the ships inform us that enough has been put on board to keep all those left with the ships till spring."

WILLIAM PENN'S HEIRS.—The heirs of William Penn still receive from the British Government the snug sum of $20,000 per annum in compensation for their property rights to Pennsylvania. The London *Echo* considers that, as the great Quaker never had many rights in Pennsylvania any way, and that as what few he had became the property of the United States by conquest more than a hundred years ago, it would be only fair for this government to assume the annual payment of that little sum to the descendants of the late William. Upon mature deliberation we are inclined to favor the project. Should the next Congress be Democratic, this little item of $20,000 might be added to the $2,000,000,000 of Southern claims for rail fences burned to keep our soldiers warm, and for sweet potatoes which they dug and eat during the late war. It would look magnanimous, even if it did not smatter strongly of economy.

BRIEF NOTES.

Dark nights.

It looks a little Hayes'y now.

"As Oregon goes so goes the Union."

After "the storm comes the calm."

A number of ships loading here at the present time.

Steamer *Ajax* will sail hence Saturday morning.

Oregon goes for Hayes, Wheeler and Dick Williams.

Democrats are not so jubilant as they were Tuesday night.

Anxious crowds await further and more satisfactory returns.

Matinee at police court yesterday, was numerously attended.

"Richard is himself again," to the tune of about 1,500 majority.

"Who is elected"? is just what is troubling the dear people now.

How do you bet on Williams now? Likewise Hayes and Wheeler.

Little Oregon may decide with its three electoral votes in favor of Hayes.

A large amount of money will change hands, whether Hayes or Tilden is elected.

Little Oregon has done nobly and feels as proudly as any of her big sisters. Hooray!

A heavy cloud of fog hangs over the river these nights, and until quite a late hour in the morning.

An immense crowd was gathered about Ike Blum's bulletin boards yesterday, devouring every item of new.

The interest in the result of the election continues unabated, and "What's the latest"? is heard on every side.

Nothing has been heard from the Indian commissioners who went to Wallowa valley last week to adjust difficulties.

Mr. R. A. Habersham returned yesterday from down the river, where he has been running a line of levels, by order of Col. Wilson.

Democratic roosters this year are cut much higher in the neck, and the tail feathers are worn less bias-wise than they have been for years.

Mr. J. C. Jamieson, one of the members of the Artificial Stone Co. will open a branch office in Hillsboro for the purpose of introducing the new stone to the citizens of Washington county.

AN UNPROFITABLE CAPTURE.—A colored man who lives in Dinwiddie county, not far from Petersburg, Va., was surprised a few mornings ago by the discovery of a fat fawn fast asleep near a spring on his farm. With a little caution and activity the prize was secured, and, throwing it over his shoulder, Cuffee started on his way homeward rejoicing. The fawn set up a piteous bleating, and in a few minutes the face of affairs was materially changed by the appearance of a formidable buck followed by a doe, both intent upon making war. Cuffee had just time enough to drop the fawn and reach a tree when the buck overtook him and tore off part of his coat tail as a trophy of his victory. The buck sentineled the tree faithfully two hours, at the expiration of which time Cuffee descended, and with an appetite for breakfast cured of all dreams of broiled venison steaks, wended his way home.

A HORRIBLE CRIME IN CANADA.—A terrible story is reported from the little town of Ramsey, in the Ottawa valley, Canada. Two young men entered the schoolhouse at Ramsey after school hours, on October 12th, and seizing the school mistress, violently assaulted her, and on being threatened with exposure by the poor woman, they cut her tongue out. The unfortunate woman managed to write the particulars of the outrage and the names of her assailants and then expired. Her dead body was found on the floor of the schoolhouse on the scholars arriving the next morning. The murderers effected their escape.

Parties wishing oysters by the hundred will find it to their interest to call at C. A. Malarkey's poultry, fish and game market, as the oyster chief, Roscoe, is there opening the delicious bivalves.

Barnes' Central Market.

In the political excitement don't forget that Barnes is still there at the Central Market.

W. L. ADAMS, M. D., A. M., LL. D., corner of First and Salmon streets, is curing the most inveterate chronic diseases of all kinds at a low price, by medicated electric lightning ozone baths, and by combining the German and French with the American improved practice, mixed with a little common sense. His treatment is, in the main, entirely original, and works almost miracles, as his numerous patients will attest. Is extraordinarily successful in treating female complaints.

Sore eyes speedily relieved. The worst form of piles cured, and the most malignant cancers eradicated root and branch without the use of the knife, or the money refunded.

New and elegant designs in Stamping Patterns, just received at Butterick's Pattern Agency, No. 50 Morrison street.

RAINFALL.

According to the *Weekly Astorian*, the rainfall at the mouth of the Columbia river, from January 1 to October 31, of this year, has been *sixty-nine and a half inches*—considerably over *five feet!* In view of this remarkable fall of water, many persons come the hasty conclusion that it rains more in Oregon than in any other part of the world. This is so far from the truth that it deserves special and, if necessary, repeated correction. The observations of the United States signal service make the annual average rainfall of the Willamette valley to be *forty-four* inches. Even this may seem a large quantity of water to fall all over the land in one year, but we find on examination that there are many parts of the world that have much more. Singapore, in south-eastern Asia, has 97 inches, Granada has 112 inches, Coimbra in Portugal 118 inches, Maranhoa in Brazil 280 inches; while at Chewapoonjee, India, the rainfall is 600 inches, or *fifty feet!* Neither are we to suppose that Oregon has more rain than all the other parts of our own country. There are many places in "the States" where "web feet" are quite as useful as here. According to the report of the Secretary of War for 1875, the rainfall at Portland from the 1st of July, 1874, to the same date in 1875, was but 41.45 inches, while there are five other stations of observation with nearly as much, and more than twenty where the rainfall is greater. Some of these are the following: Indianapolis 43.23 inches; St. Louis, 43.66; Long Branch, 47.42; Peck's Beach, N. J., 48.26; Montgomery, 48.50; New Haven, 49.54; Norfolk, 49.48; Nashville, 51.19; N. London, Conn., 53.26; Mobile, 55.50; Wilmington, 56.63; Squaw Beach, N. J., 57.11; Jacksonville, Fla., 57.81; Vicksburg, 59.42; Savannah, 62.12; Knoxville, 63.99, and New Orleans 74.98. Whether the year for which these figures are given was an exceptional one, or not, we are not able to state, but we are sure they will give new ideas to many of our readers, and ought to redeem our country from the reproach of being "the wettest place in the world."

HE HAD NO FUN IN HIM.—One of the members of the Methodist Conference recently held here was out for a walk at an early hour one morning, and while on Howard street he encountered a strapping big fellow, who was drawing a wagon to the blacksmith shop.

"Catch hold here and help me down to the shop with this wagon, and I'll buy the whisky," called the big fellow.

"I never drink," solemnly replied the good man.

"Well, you can take a cigar."

"I never smoke."

The man dropped the wagon tongue, looked hard at the member, and asked:

"Don't you chew?"

"No, sir," was the decided reply.

"You must get mighty lonesome," mused the teamster.

"I guess I'm all right; I feel firstrate."

"I'll bet you even that I can lay you on your back," remarked the teamster. "Come, now, let's warm up a little."

"I never bet."

"Well, let's take each other down for fun, then. You are as big as I am, and I'll give you the under hold."

"I never have fun," solemnly answered the member.

"Well, I'm going to tackle you any way. Here we go!"

The teamster slid up and endeavored to get a neck hold, but he had only just commenced to fool about when he was lifted clear off the grass and slammed against a tree-box with such force that he gasped half a dozen times before he could get his breath.

"Now, you keep away from me!" exclaimed the minister, picking up his cane.

"Bust me if I don't!" replied the teamster, as he edged off. "What's the use in lying and saying that you didn't have any fun in you, when you're chuck full of it? Blame it! you wanted to break my back, didn't you!"—*Detroit Free Press.*

The most miserable beings in the world are those suffering from Dyspepsia and Liver Complaint. More than seventy five per cent. of the people of the United States are afflicted with these two diseases and their effects; such as Sour Stomach, Sick Headache, Habitual Costiveness, Palpitation of the Heart, Heart-burn, Water-brash, Gnawing and Burning Pains at the Pit of the Stomach, Yellow Skin, Coated Tongue and Disagreeable Taste in the Mouth, Coming up of Food after Eating, Low Spirits, etc. Go to your Druggist and get a sample bottle for a [illegible]; large size 75 cents. More than thirty of the best producers of machines in this and other countries entered for competition, and at Philadelphia in 1876, as at Vienna in 1873, and at Paris in 1867, Wheeler & Wilson head the list. After a careful, rigorous and exhaustive examination, the judges unanimously decided that the superior excellence of these machines deserved more than one medal or diploma, and, consequently, they recommended *two of each.* Agency, 95 Third street.

OREGON.

Four sailing vessels are now at Gardner, loading with lumber for San Francisco.

A man named J. H. Long was arrested at Salem on Monday for voting double. He says he was drunk, but he was able to tell the different tickets, and went for Tilden every time.

Two steamers, the *Argo* and *Restless* are plying the waters of the Umpqua from its mouth to Scottsburg, carrying passengers, towing rafts, scows, etc. They also run up Smith's river some twenty miles above where its waters empty into the Umpqua.

Last Sabbath, Frank Kinzer, son of Mrs. Kinzer, of the forks of the Santiam, was thrown violently from a horse, and suffered a very severe fracture of the wrist. The radial bone was broken near the wrist, and his arm was also dislocated at the wrist joint.

The following persons were elected as city officers of Gervais on Monday last: Trustees, John Patterson, James Cooley, John W. Smith, B. A. Nathan (tie between J. T. Hare and S. L. Raines); marshal, C. A. Bills; Recorder, S. D. Snowden; treasurer, S. Van-Cleave.

The Dallas city election, held last Monday, resulted in the election of the following municipal officers for the ensuing year: Trustees, J. T. Wortley, C. Hughes, Ed. Casey (Republicans), and Thomas Richmond and Charles McDonald (Democrats); recorder, W. H. Ray (Dem.); marshal, H. P. Shriver (Rep).

The Coos Bay *Record* says: "Mormon preaching appears to be the proper thing at Myrtle Point on the Coquille about now. Some converts are being made among the young folks. If we were the father of those young folks we would buy a well developed mule and back him up to that preacher and tickle him with a sharp stick until he'd give vent to his natural propensity."

The *Democrat* says: "The political excitement ran high in Albany, and the interest never flagged the least during the entire day. Both parties worked like Turks and brought out their full strength before the polls were closed. When the vote of this precinct was counted it was found that the total vote was 821, and that Hayes and Wheeler had a majority of 10 and Williams 25.

On Saturday afternoon last, about three miles from Jefferson, as Eddie Reeves, a boy of thirteen years, while driving a team, was thrown from the wagon, between the horses, when he was kicked and seriously injured before he could be extricated. Dr. Smith, of Jefferson, was called and found the under jaw broken in three places, with other portions of the head and face bruised and mangled. The setting of the jaw was most difficult, and much inconvenience must result. The young man is suffering very much, but it is not estimated that the wounds will prove fatal.

BEAUTY TRANSIENT.

BY HARRIET PRESCOTT SPAFFORD

What's the brightness of a brow?
What's a mouth of pearl and coral?
Beauty vanishes like a vapor
Preach the men of musty morals.

Is it the crowd then sees since,
[illegible] shut their ears to singing Homer
[illegible] the music fled so soon
[illegible] sees the violet's aroma?

Ah, for me, I thrill to see
The bloom a velvet cheek discloses
Made of dust? I well believe it.
So are lilies: so are roses

A MAGNIFICENT PRESENT.

A great portion of the public attention was still taken up to-day with election matters and constant inquiries after the latest news from the East distracted every thought sought to be directed after information concerning other topics. As far as could be learned the result of the political contest has not yet had time to affect the financial or commercial situation and whatever may have been said by the partisan writers on the subject we see no good reason to fear any great financial or business revulsion to follow, at least for some time to come

The condition of the local money market so far during the present week, has undergone no important fluctuation and with the moderate degree of ease felt now in monetary circles, there seems to be no reason to fear serious pressure in securing ample means for the support of the probable legitimate trade of the country for the remainder of the fall and winter season The local banks report no increased demand above that noted last week, and with the very liberal remittances now being made from the interior, the supply of funds is not likely to fall short of any anticipated call

In regard to the markets for general merchandise or domestic products, the changes are few and unimportant and such as have occurred are noted in our quotations. There have been but few sellers of produce in the market, so far, since last week though an improvement in this is expected within the next three days.

Reports from the interior inform us that farmers are too busily engaged with their other fall work since the rains ceased, to pay much attention to either selling or hauling their surplus grain, etc. In many sections the land is said to be in excellent condition for plowing and seeding and the fair weather which we have already had insures the putting in of very large crops, and an acreage, it is thought, will be planted in fall wheat, greatly exceeding that of last year.

OBJECTS.

This Savings Bank has been formed at the desire and under the auspices of thirty one gentlemen, citizens of Oregon and Washington Territory who have become stockholders therein along with certain other gentlemen in Scotland to supply a want hitherto much felt, namely an Institution where similar to those in California, the working farming and other classes of Oregon and Washington Territory may from time to time deposit their various savings along with the Bank's own capital for investment in Oregon and Washington Territory (to which the Bank's operations are limited) secured from Mortgages over City Properties, Farming and other Lands for the purpose thereby of assisting to develop the Industries of the North Pacific Coast.

The Bank's Directors and Officers in Oregon having had considerable experience in finance and real estate securities their policy will be to guard depositors' moneys and the stockholders' capital by loaning only on first class securities, high interest being a secondary consideration The Bank does not therefore seek to employ its funds in a commercial banking business confining its operations strictly to those securities with which its Directors are familiarly acquainted, such as real estate loans, advances on bonds, assignments and similar securities which are not fluctuating in value, hence no loans will be made on Promissory Notes alone, or Bills of Exchange and such like.

Security to Depositors.

The security for repayment of Depositors' moneys is two fold:

1st Not only the mortgages assignments bonds and other pledges on which the Bank's deposits are carefully loaned and the real estate secured thereby, which must be located in Oregon and Washington Territory, but also

2d The Bank's own $300 000 capital specially pledged for the safety of depositors, in order that all losses (if any) shall be made therefrom, thus forming a double security for depositors' moneys.

No charge for entrance fee or pass books
Deposits received from $2 50 and upwards.
Rates of interest on application.
Hours from 9 A. M. to 3 P. M.

Certificate of Incorporation, Constitution Articles of Association Regulations and By laws for depositors, may be seen at the Bank's office.
